

**CSIC**  
中国结构完整性联盟  
China Structural Integrity Consortium

**ISSI** 2022

**2022 International Symposium  
on Structural Integrity**

October 14-17, Changsha, China

# **Best Student Paper Award**

## **- Third Prize -**

*In recognition of  
the best paper:*

Acceleration of intergranular cracking in Ni-base alloy GH4169 by the growth of-phase precipitates under creep loading at elevated Ttemperature

*submitted by:*

**Ayumi Nakayama**, Runzi Wang, Ken Suzuki, Hideo Miura  
Tohoku University

Prof. Shan-Tung Tu  
ISSI Symposium Series Chairman  
Chairman of China Structural Integrity Consortium  
East China University of Science & Technology, China

Prof. Jian Chen  
ISSI2022 Executive Chairman  
Changsha University of Science and Technology, China

2022 International Symposium  
on Structural Integrity

October 14-17, Changsha, China

# Honorable Mention Student Paper Award

*In recognition of  
the paper:*

Strain rate dependence of the creep-fatigue damage in Ni-base alloys at elevated temperature

*submitted by:*

**Koki Nakayama**, Runzi Wang, Ken Suzuki, Hideo Miura  
Tohoku University

Prof. Shan-Tung Tu  
ISSI Symposium Series Chairman  
Chairman of China Structural Integrity Consortium  
East China University of Science & Technology, China

Prof. Jian Chen  
ISSI2022 Executive Chairman  
Changsha University of Science and Technology, China
