

INTERNATIONAL CONFERENCE ON

SOLID STATE DEVICES AND MATERIALS

ssdm

September 5–8, 2023

Nagoya Congress Center

Nagoya, Japan

Xiangyu Qiao, “Enhancing Gas Sensing Performance of Graphene through Strain-induced Modulation of Gas Adsorption Behavior” (Oral presentation: D-4-04)

Meng Yin, “Effect of Strain Modulation on Gas Molecule Adsorption on Graphene using First-Principles Calculations” (Poster presentation: PS-8-04)
