

The 11th China-Japan Bilateral Symposium on High Temperature Strength of Materials October 27-31, 2023

東北大学

**Recent progress in engineering damage mechanics:
Ex-situ EBSD investigations on creep-fatigue damage
evolution behaviors in heat-resistant alloys**

Runzi WANG, Ken SUZUKI, Hideo MIURA

Department of Finemechanics, Graduate School of Engineering,
Fracture and Reliability Research Institute (FRRI),

Tohoku University
